

Héricourt, May 5, 2020 - 6 pm (CEST)

**GAUSSIN announces a firm order by
QATAR AIRWAYS CARGO for 6 AMDT FULL ELEC (Automotive
MultiDirectional Transporter, intended for air cargo pallets
transport) along with a preferential right for
50 additional units**

GAUSSIN (EURONEXT GROWTH - FR0013495298) is pleased to announce an order by Qatar Airways Cargo for 6 AMDT with a preferential right for 50 additional units.

This order is the result of close collaboration for more than a year between technical and operation teams of QATAR AIRWAYS CARGO, QATAR AVIATION SERVICES (Ground Handling subsidiary of Qatar Airways Group) and GAUSSIN to jointly develop innovative, efficient, intelligent and environmentally friendly solutions, in line with Qatar National Vision 2030.

Powered by lithium metal polymer batteries capable of operating in high temperatures, the AMDT is specifically designed for use in Middle East weather conditions. The state-of-the-art equipment includes integrated weigh scales enabling the weight of pallets to be checked against the tag weight, in line with Qatar Airways Cargo's focus on maintaining safety and security within its operations.

Capable of operating both inside and outside of the Cargo Terminal within minimal space, the AMDT will reduce the normal footprint required for manoeuvring, resulting in additional storage space and ensuring effective readiness of all cargo to be loaded onto aircrafts.

The AMDTs are planned to be assembled and maintained in Qatar, at the QFZ (Qatar Free Zone) industrial site, supporting the growth and development of Qatar's economy.

General meeting on 27 May 2020

About Qatar Airways Cargo

Qatar Airways Cargo, the world's leading international air cargo carrier, serves more than 60 freighter destinations worldwide via its world-class Doha hub and also delivers freight to more than 160 key business and leisure destinations globally on more than 250 aircraft. The Qatar Airways Cargo fleet includes two Boeing 747-8 freighters, 21 Boeing 777 freighters and five Airbus A330 freighters.

About Gaussin

Gaussin is an engineering company that designs, assembles and sells innovative products and services in the transport and logistics field. Its know-how encompasses cargo and passenger transport, autonomous technologies allowing for self-driving solutions such as Automotive Guided Vehicles, and the integration of all types of batteries, particularly electric and hydrogen fuel cells. With more than 50,000 vehicles worldwide, Gaussin enjoys a strong reputation in four fast-expanding markets: port terminals, airports, logistics and people mobility. The group has formed strategic partnerships with major global players in order to accelerate its market penetration: Siemens Logistics in the airport field, Bolloré Ports and ST Engineering in ports, UPS in logistics and Bluebus for people mobility.

In October 2019, the Group won the World Challenge for Self-Driving Transport in the Leading Company Category, Best Energy and Environmental Sustainability.

Gaussin has been listed on Euronext Growth in Paris since 2010 ([EURONEXT GROWTH - FR0013495298](https://www.euronext.com/paris/FR0013495298)).
